Personalized Training

We invite you for an personalized training at our factory.

Our technical training team provides in-depth knowledge on software, manufacturing, and installation.

Hotel & Shuttle are covered by Albert Genau.

A hand holding a pencil is shown in the process of drawing a tall, modern skyscraper on a white surface. The drawing is a simple line sketch, capturing the verticality and tiered structure of the building. To the left of the drawing, a real photograph of a similar skyscraper is visible, showing its complex facade with many windows and balconies. The background of the entire image is a clear blue sky with some light clouds.

Project Support

- System Solution According to the Project Needs
- Tests and Simulations of Systems
- Optimization of Material
- Individual Solution for Construction
- Delivery of Materials

Showroom & Presentation Support

The manufacturer dealer package, consisting of a presentation stand and welcome kit is sent free of charge. Discounted showroom product.

International Delivery

With our strong logistics department, we ensure fast delivery at competitive prices to anywhere in the world.

EU Packaging Standard

All our profiles are shipped in wooden crates. Our wooden crates are certified with the ISPM 15 certificate.

We are “System” Company

All our systems are designed by Albert Genau and are patented.

Each profile, component, and gasket is fully compatible with one another, and all our accessories are made of stainless steel.
